<sup>1</sup> The learning outcome is what the learner knows, understands and can do as a result of learning, expressed in terms of knowledge, skills and social competence.

<sup>2</sup> Knowledge – a collection of descriptions of objects and facts, principles, theories and practices acquired in the learning process and relating to the field of learning or professional activity.

<sup>3</sup> Skills – the ability, assimilated in the learning process, to perform tasks and solve problems specific to the field of learning or professional activity.

<sup>4</sup> Social competence – the ability to participate autonomously and responsibly in the professional and social life and to shape own development, taking into account the ethical context of own behaviour.
